Host Country:	Myanmar (Burma)
Name of Borrower:	Early Dawn Microfinance Company Ltd. (“DAWN”)
Project Description:	According to the IMF, Myanmar has the lowest rate of financial intermediation among ASEAN nations, with total credit to the private sector representing just under 19% of GDP in 2016. ¹ With a population of 53.3 million people, including 39.8 million adults, Myanmar has substantial unmet demand for microfinance services. In order to address this need, OPIC will lend \$5 million to DAWN, a microfinance institution established by Accion, Triodos and FMO in September 2014. Clients of DAWN are mostly self-employed market vendors and smaller manufacturers, all of which are female. With an average disbursed loan size of around \$200 (which is expected to gradually increase), the OPIC loan is expected to reach around 20,000 borrowers once fully disbursed, and several multiples of that over the three-year life of the loan.

Total Project Costs:	\$13,544,000
